IPM Institute of North America does not recommend any lawn care company.

We have listed companies that have self-reported as offering alternatives to traditional chemical lawn care.

Always call and discuss your concerns and needs with a company before contracting for service.

Midwest Grows Green accomplishes large scale behavior change by sharing pesticide and fertilizer reduction information at critical places where lawns and landscapes influence our lives.

Madison, WI • (773) 878-8245 • www.MidwestGrowsGreen.org
